Mitegra, formerly known as Termotek, was founded in 2014 with a vision to revolutionize the HVAC and plumbing industry. With a strong foundation built on expertise and innovation,

At Mitegra, Our expertise is like a growing tree, firmly rooted in knowledge and experience.

Looking for a trusted partner for your next project? Mitegra collaborates with clients to create custom solutions that meet their unique needs.

Our secret sauce? Over 8 years of industry experience and a laser focus on energy efficiency. We're dedicated to helping clients save money on their energy bills while reducing their carbon footprint.

We're more reliable than your morning coffee (and we won't spill on your shirt).

With an eye on the latest solutions and technologies, Mitegra stays ahead of the curve. Our team monitors world standards and trends to deliver top-notch outcomes for our clients. We bring a wealth of knowledge and expertise from our work with leading companies in Italy, the Caribbean, and North Macedonia.

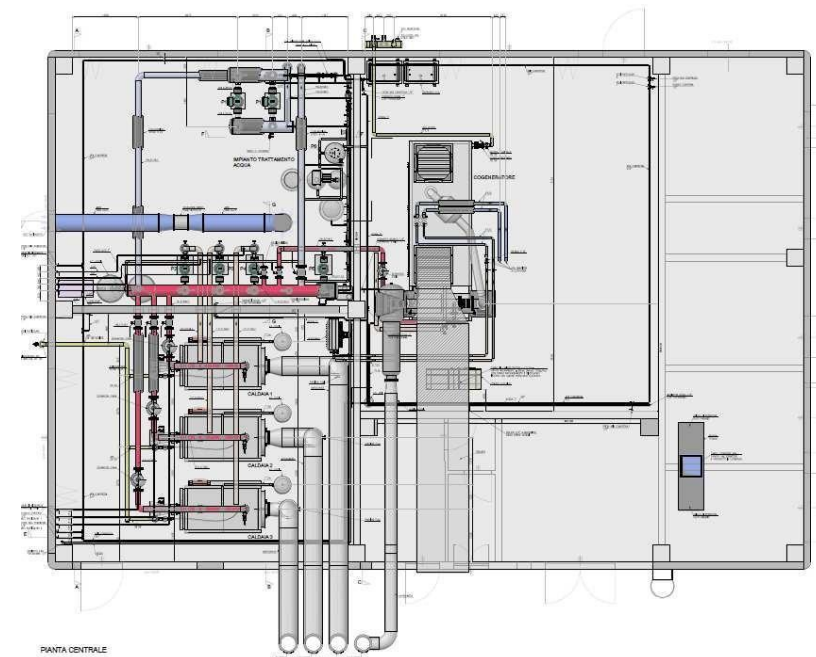

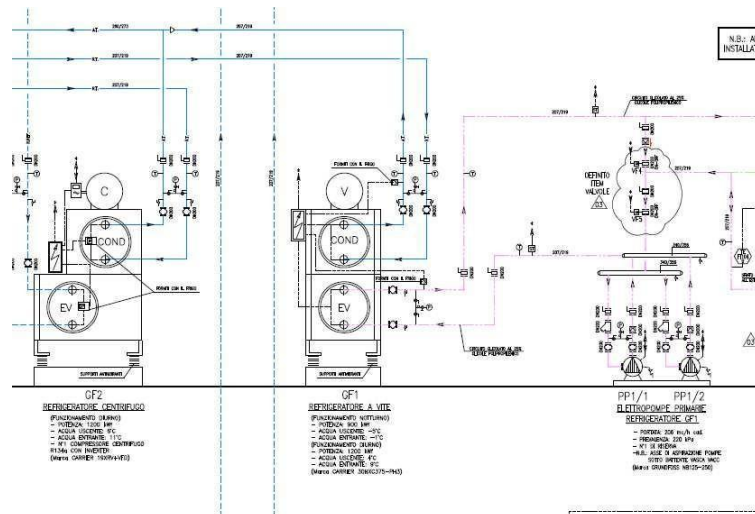

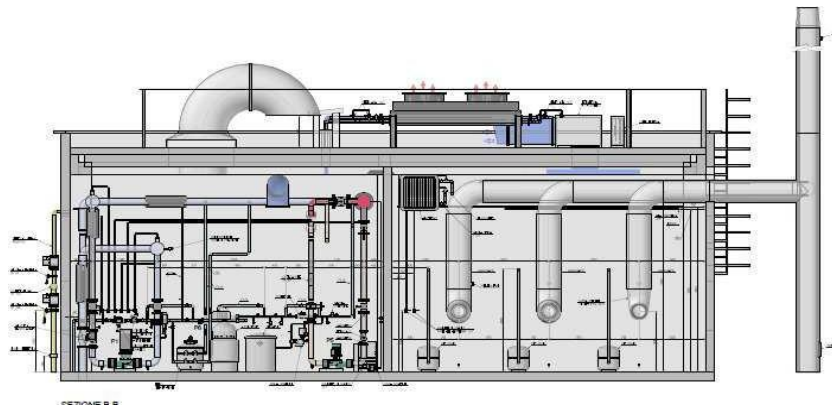

Looking for a trusted partner for your next project? Mitegra collaborates with clients to create custom solutions that meet their unique

DESIGN SYSTEMS

Mitegra, with its dedicated team, excels in managing projects across all stages, leveraging our extensive experience and knowledge. We collaborate closely with design professionals, striving to minimize costs, save time and energy, while delivering innovative solutions to our valued clients. Our commitment is to promote sustainability and provide exceptional service, making us a trusted partner in every project we undertake.
